## Merus

# Merus by Luum

Merus, a European top grain, semi-aniline dyed cowhide, is the foundation of our leather program. Merus is a chrome free product, so unlike typical leathers it is tanned without chromium or other heavy metals. We are proud to offer this environmental feature on all our leather qualities, which is unique in the marketplace. This leather has a water-based light, protective topcoat and is suitable for all projects where value-priced leather and enhanced grain is desired. The color palette includes a sophisticated range of warm and cool neutrals that coordinates well with our woven fabrics.

<b>Name</b>	—————	<b>Merus</b>
<b>Style No.</b>	—————	<b>4023</b>
<b>Specification</b>		<b>Use:</b> Leather <b>Content:</b> European Top Grain Semi-Aniline Dyed Cowhide <b>Weight:</b> 2.3 oz. per square foot <b>Thickness:</b> 1.1 mm ± 0.1 mm <b>Hide Size:</b> 55 sq ft average

Like all natural products, leather may vary slightly in grain texture and color than shown in samples. Because each hide is unique, minor variations between hides can be expected. The beauty of our leather can be found in the softness, breathability and the natural visual beauty of real hides. Leather hides are sourced from the highest quality suppliers of natural upholstery leather.
