noka

Collection

Noka™ was designed by Jeffrey Bernett and Nicholas Dodziuk to elegantly mirror and reflect the dynamics of today's workplace. Made from solid maple or solid ash hardwood, the collection is both sturdy and lightweight, supporting mobility and constantly shifting environments from individual to collaborative work. Noka is artfully crafted to add beautiful wood accents to guest seating in private offices or used in open concepts to add warmth in quick touchdown spaces. Noka guest and lounge models are available in the Dossier™ classic casegoods finish offering.
