teknion's ergonomics &
accessories program

02.24.2025

teknion

complements Designed to

support health and productivity at work, the

Complements Ergonomics & Accessories

Program offers paper flow, lighting and

organizational products that integrate with all

Teknion furniture to enhance individual and group workspaces.

The Complements program comprises

Ergonomic Accessories such as keyboard

solutions, work displays and Work Flow

Accessories that keep documents and

supplies close at hand and display various

personal items. Task Lighting directs light to the task at hand and electrical products support the use of technology. Teknion has also partnered with international industry designers to further expand Complements with innovative, environmentally friendly products that bring the functional beauty of European residential furniture to the workplace.

UPDATE

The country of the installation USA (05) have been update Japan (05) on the following product:

- Netbox M 2-Gang (KLCNB2)
- Netbox M 3-Gang (KLCNB3)
- Netbox M 4-Gang (KLCNB4)
- Netbox Axial 4-Gang (KLCNBA4)
- Netbox Axial 5-Gang (KLCNBA5)
- Netbox Axial 6-Gang (KLCNBA6)
- Netbox Rail 3-Gang (KLCNBR3)
- Netbox Rail 4-Gang (KLCNBR4)
- Netbox Rail 5-Gang (KLCNBR5)
- Netbox Rail 6-Gang (KLCNBR6)
- Netbox Turn 4-Gang (KLCNBT4)
- Netbox Turn 5-Gang (KLCNBT 5)
- Netbox Turn 6-Gang (KLCNBT 6)
- Profilebox 3-Gang (KLCPB3)
- Profilebox 4-Gang (KLCPB4)
- Profilebox 5-Gang (KLCPB5)
- Profilebox 6-Gang (KLCPB6)
- Starter Cable (KLCSC)
- Netbox Smart 2-Gang (KLCNBSM2)
- Netbox Smart 3-Gang (KLCNBSM3)
- Netbox Smart 4-Gang (KLCNBSM4)

Please note, first orders for new products will be accepted on February 24, 2025. All software will also be updated by February 24, 2025. If you have any questions regarding the information enclosed, please contact your Teknion Customer Service Representative.

where to find the information you need

Teknion provides an array of tools and information resources to help you get things done simply and easily. From product pricing to application guidelines to online planning suggestions, you will find what you need when you need it.

guide contents

This guide contains all the information you need to order this product through your specification software. The Introduction section provides everything you need to get started, including an index for product reference. The Application Guide section contains detailed specification guidelines, application and planning information to help you plan your project correctly. The Price Guide sections provide detailed pricing and specification information by product type. Available online at www.teknion.com.

where to find the information you need

All Teknion marketing materials are available online at www.teknion.com, including:

price & product guide

application guide

planning tool

installation guides

fabrics & finishes

product photography & drawings

weights & volumes

order forms

warranty/terms & conditions of sale

xpress program guide

teknion forms

The following forms are available online at www.teknion.com, to help you specify and place your order if required:

teknipaint

If you require a custom paint color match, you must submit a TekniPaint form.

using your own material (COM)

If you wish to use your own material on fabric-covered products, you must submit a completed COM form including a sample upholstery and safety testing. A COM Order Information Sheet must also be submitted. This form captures all relevant ordering and tracking information. A COM Request for Yardage Calculation form may be sent to Teknion for preliminary yardage requirements.

placing a manual order

Complete an Order Cover Sheet with the information we need to fill your order. This is the most important step. If the Order Cover Sheet is not complete and correct, the order may be delayed.

key requirements

If you require that certain pieces share the same locks you will need to specify Set of Keys Alike (SOKL) located in the Price and Product Guide.

user feedback

How is our marketing material working for you?

Feedback from the user is very important to the quality of Teknion's marketing material. We ask that if you have suggestions on how you think we could improve content OR if you have found an error, that you contact your Teknion Technical Services department.

electrical overview

Complements offers a variety of electrical and communication components to accommodate all electrical needs.

Nextbox Turn (KLCNBT)

- The netbox turn comfort shown in an open and closed position.
- NETBOX Turn are built-in units.
- Rotate -manually for the former and at the touch of a button for the latter – in order to either expose or conceal the socket outlets.
- When rotated to the “closed” position, the unit sits flush with the surface into which it is mounted.

Nextbox Rail (KLCNBR)

- The unit is easily built into panel, cubicle and partition systems.
- Maximizes the use of space in workstations, most commonly office spaces with panels, cubicles and partitions.
- The modular surface-mounted unit can be easily built into these systems, and then fixed with screws from behind.

Nextbox Profilebox (KLCPB)

- Ideal for concealed installations.
- The unit can be customized to include surge protection, separate earth, power cleaners, switches and separate power circuits.
- Detachable plastic clamps allow the netbox profilebox to be affixed to any surface with ease.

Nextbox Axial (KLCNBA)

- The netbox axial comfort can be utilised in a “closed” position
- NETBOX Axial is a built-in solutions that close flat and flushed against their mounted surface.
- Accessible from the front to reveal the power, voice and data sockets when required – pivoting upwards for the former and at a touch of a button for the latter.
- Advantage of remaining closed
- The outlets are positioned below the table surface

Nextbox M (KLCNB)

- Standard socket box for power, data and voice, the NETBOX M is a functional and cost efficient electrification solution available in 2-, 3- or 4-gang configurations.
- Can be installed and used in many situations, and may be mounted on any given surfaces or concealed within partitions and cable trays.

Distribution Box (KLCLTB)

- The light terminal box vr is ideal for the cabling in a lighting system or a workstation.
- Enables you to manage your cable network effectively and efficiently.
- The “Plug and Play” technology permits you to save time if you have to relocate or change the configuration of your installation.
