

# noka

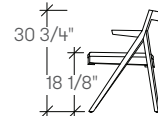

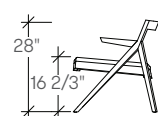

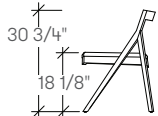

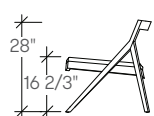

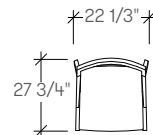

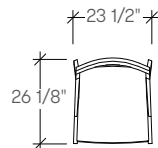

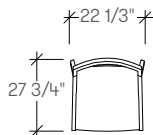

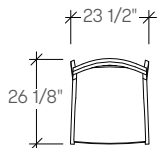

## features

Noka is a series of wood chairs designed to elegantly mirror and reflect the dynamics of today's workplace. Made from solid timber, the collection is sturdy and lightweight, supporting mobility and constantly shifting environment from individual to collaborative work.

Designed by Jeffrey Bennett and Nicholas Dodziuk, it is based on a subtle asymmetrical design language. The clean lines of both the lounge and guest chairs are visually balanced for individual use and in groupings, private offices and the open plan. The spirit of the design is complementary to both contemporary and traditional environments.

**COM/COL material requirement**

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Factors such as light exposure and aging can alter the look of this product. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product.
