

teknion nami

teknion

Inspired by the dynamic beauty of a cresting wave, Nami’s sculpted back and seat have a gentle, controlled flex that moves with the user’s body to provide comfort when seated over an extended period. Models are available with a plastic shell or innovative 3D wood shell, both providing thoracic and lumbar support.

Available with accessories that include a tablet arm, bookrack, dolly and ganging option, Nami™ performs multiple functions in diverse spaces. Nami is ideal in conference areas, classrooms, auditoriums, healthcare facilities, cafés and recreational spaces. Nami also coordinates well within workstations as a guest chair. The Bar and Counter Stools are ideal for use in bar, bistro and cafeteria applications.

guest chair
Front Row: *Storm White, Light Grey, Lunar Grey*
Back Row: *Fearless Red, Deep Ocean, Dark Taupe, Ebony*
Not Pictured: *Very White*

features and accessories

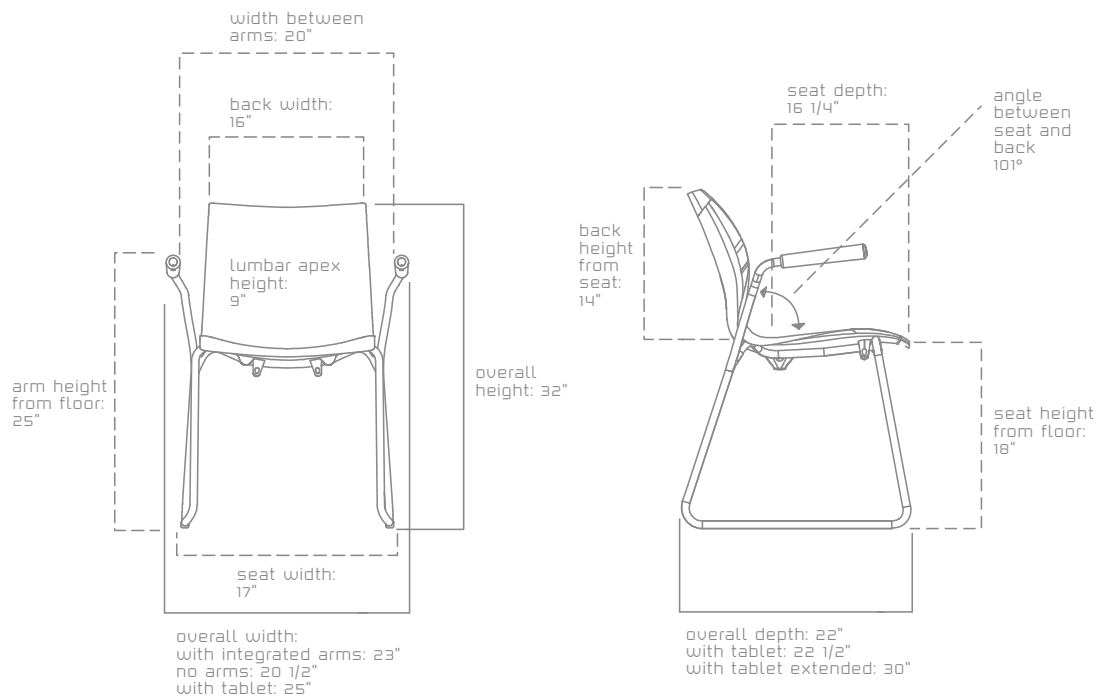

- All chairs feature a sled base and bumpers to protect the shell when stacking
- Optional integrated arms are available on chairs and stools
- A bookrack option provides storage of books and other personal items
- A retrofittable tablet arm option pivots 180 degrees for easy user adjustment and folds down when not in use
- Stools include a footrest

- Unlike most stacking chairs, Nami uses the same ganging device for models with or without arms, or in combination. The ganging device, which is retrofittable, retracts beneath the seat when not in use.
- A dolly is available to save valuable space for storing and transporting up to 20 stacking chairs
- Plastic guest chairs stack 8 high on the floor while the 3D wood guest chairs stack 3 high

finishes

- Plastic shell is offered in eight colors: Very White, Storm White, Light Grey, Lunar Grey, Fearless Red, Deep Ocean, Dark Taupe, Ebony
- 3D wood shell is offered in four stain colours: Manila, Ginger, Clove, Tobacco
- The frame is available in Chrome or Ebony
