VONDOM, in alliance with Studio TK, warrants this product against defects in materials and workmanship under normal use for a period of two (2) years from the date of retail purchase by the original end-user purchaser (“warranty period”). If a hardware defect arises and a valid claim is received by Vondom within the warranty period, at its option and to the extent permitted by law, VONDOM will either (1) repair the product at no charge, using new parts or refurbished parts that are equivalent to new in performance and reliability, (2) exchange the product with a product that is new or refurbished that is equivalent to new in performance and reliability and is at least functionally equivalent to the original product, or (3) refund the purchase price of the product. Vondom may request that you replace defective parts with user-installable new or refurbished parts that Vondom provides in fulfillment of its warranty obligation.

A replacement product or part, including a user-installable part that has been installed in accordance with instructions provided by Vondom, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes VONDOM property. Parts provided by VONDOM in fulfillment of its warranty obligation must be used in products for which warranty service is claimed. When a refund is given, the product for which the refund is provided must be returned to VONDOM and becomes VONDOM’S property.
