# Thangka by Luum

Thangka is a large scale weathered geometric inspired by the Buddhist mandalas or sacred diagrams of Tibet. The subtle patterning explores straight angles and half circles on a chenille ground, evoking tradition with a contemporary feel. This nimble pattern perfectly complements today’s trend of rounded design elements and curvilinear furniture. The palette embodies bright colors found in sacred Tibetan artwork as well as the region’s natural surroundings. Thangka utilizes a bleach cleanable, core-lock polyester chenille yarn paired with a bright polyester.
