Color Description:

Product(s) to be Stained – Please Include Product Name(s)

NOTE: For Custom Stains on Dossier, horizontal grain is only available on Rift Cut Oak.

Product List:

The options below are not applicable to wood seating

Veneer/Substrate:

NATURAL WOOD VENEER: By choosing this option, and unless otherwise specified, the same wood veneer currently on the sample provided as a concept/reference will be used. If a different Natural Wood Veneer is required other than what is on the reference sample, please indicate the species of the wood requested:

Select From: Flat Cut Quarter Cut Rift Cut

FLINTWOOD VENEER: By choosing this option, a man made veneer will be used. When using Flintwood Veneer as a substrate, the grain pattern and color will be more consistent. There are currently two (2) grain patterns to choose from.

Please select one (1): Rift (Straight)  Cathedral  * Please be aware that there is a limited palette available in Cathedral Flintwood.

Select finish for sample (open pore / closed pore). Note that a Closed Pore finish will be applied to all writing surfaces (work-surfaces, counter tops, desks and tables) and a Open Pore finish will be applied to all vertical surfaces and storage units.

OPEN PORE: finish allows the grain pattern of the substrate to telegraph through, giving the surface a more natural look and feel

CLOSED PORE: finish can be described as completely smooth and is more appropriate for writing surfaces
