

juntura

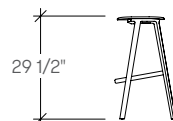

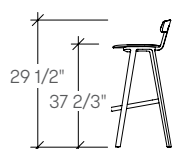

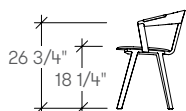

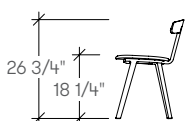

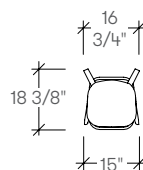

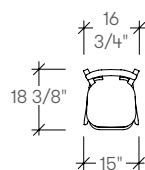

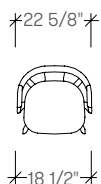

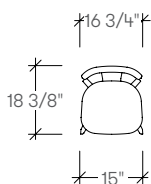

features

In contemporary workspaces, there is a new set of seating demands for different styles and heights of postures, including a traditional worksurface height of 29 inches and a bar height of 40 inches. Juntura – comprising of an armchair, chair and stool with or without back support – addresses these needs.

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

GUEST CHAIR AND BAR STOOL UPHOLSTERY

	COM [yards]	COL [sq. ft.]
Guest Chair	3/4	13 1/2
Bar Stool	3/4	13 1/2

Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Factors such as light exposure and aging can alter the look of this product. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product.

STJG juntura guest chair
