**Cloud**

Designed by Naoto Fukasawa and part of the B&B Italia Project Collection, Cloud is visually striking with a minimalistic design and basic lines that mark long upholstered benches. Offered with or without a back, two or more Cloud products can be combined utilizing the optional quarter-round. An elegant wooden tablet can be placed on the seat to act as a top or service element. Cloud is designed to create seating of various lengths and shapes, producing original landscapes in any public area.
