

envita

features

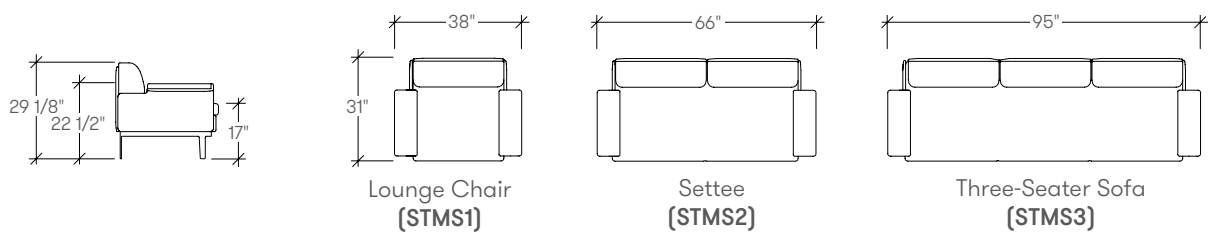

Envita is an elegant synthesis of European and North American approaches to design. The design is refined, versatile, classic yet very innovative.

The collection is centered on the clean lines, lightness of scale and neat proportions connected to the design achievements of the last century. However, it is distinctly modern and addresses the needs of current meeting spaces.

- Envita Seating are available as Lounge Chairs, Settees and Three-Seaters with metal legs
- Envita Tables are available in a variety of heights and finishes and can be integrated with all Studio TK Seating Collections, see tables section for more details.
