# Navigate by Luum

A bright line of thought led us to Navigate. Echoing architectural structures and grids, the embroidered pattern is a marriage of hand and machine processes. A fine, stitched line subtly fades in and out across a variegated ground capturing the spirit of a fluid and active environment. Navigate addresses the need for sound-absorbing materials by utilizing as its base cloth, Heather Felt, a 100 percent felted wool.

|                                                                             |                                                                                                                                                                                                                                                                                                                          |
